

**EXPLICACION DEL MODELO**

*El descanso de las geishas y los samuráis contemporáneos.*

Inspirado en la esponjosidad de los lazos de los kimonos (obis en japonés), este diseño de Rafa García para Sancal es un "sofá-colchón" extraconfortable.

La altura del respaldo y la curvatura de sus brazos abrazan a quien se aposenta en sus mullidas almohadas. El acolchado textil refuerza esta sensación de suavidad.

Para aligerar el diseño, Rafa ha proyectado unas sencillas y esbeltas patas (transparentes o de Fresno tinto) que lo elevan considerablemente del suelo. En la versión de metacrilato esta sensación área es mucho más evidente.

Obi es tan cómodo como práctico. Gracias a su extensa modulación es posible hacer multitud de configuraciones. Destacamos los ángulos largos para hacer estilizadas composiciones de rincón y la chaise de 134 con la que configurar un sofá con más fondo.

**IMPORTANTE**

No olvide indicar el tipo de pata deseada y el color del tinte en caso de elegir la pata de madera.

Unión de módulos mediante herraje unimodulo.

Las patas y el herraje unimodulo requieren montaje. Consulte las instrucciones adjuntas al producto.

Por favor, tenga en cuenta que debido al diseño acolchado de las almohadas, Obi solo permite fabricar en piel la base.

No disponible en vinilos u otras pieles sintéticas.

Las solicitudes de composiciones modulares deben adjuntar un plano en planta al realizar el pedido. La mano (derecha/izquierda) se interpreta siempre viendo el dibujo de frente.

**DESCRIPTION**

*Rest like modern-day geishas or samurai.*

Inspired by the quilted kimono bows (obis in Japanese), this design by Rafa García for Sancal is an extraordinarily comfortable, almost mattress-like sofa.

The back height and curved arms beckon you sink into a soft, quilted seat.

To make the design feel lighter, Rafa has created some unique feet, available in ash, or, to really give a sensation of antigravity, transparent acrylic feet.

Obi is as practical as it is comfortable. It features an extensive array of different modules, including long angled pieces to make corner sofas and a 134cm chaise longue for extra depth.

**IMPORTANT**

Remember to specify the foot stain required if the ash version is chosen.

The modules can be clipped together.

The feet and ratchets need to be fitted.

The cushions cannot be upholstered in leather due to their quilting.

This product is not available in vinyl or synthetic leather.

Orders for modular compositions must include a plan. Left and right are taken to be as if facing the piece.

**CARACTERISTIQUES**

*Le repos des geishas et des samourais modernes.*

Inspiré de la douceur de la ceinture du kimono (obi en japonais), ce design de Rafa García pour SANCAL est un "canapé-matelas" extra-confortable.

La hauteur du dossier et la courbure de ses bras accueillent toute personne qui se place sur ses coussins moelleux. Le capitonnage textile renforce cette sensation de douceur.

Afin d'alléger le design Rafa a utilisé des pieds simples et sveltes (transparentes ou en frêne teinté) qui l'élevaient considérablement du sol. Dans la version méthacrylate cette sensation est beaucoup plus évidente.

Obi est aussi confortable que pratique. Grâce à sa très grande modularité il est possible de réaliser de multiples configurations. Nous soulignerons les angles larges qui permettent la réalisation de compositions d'angle et la chaise longue de 134 qui a pour but de configurer des canapés plus profonds.

**IMPORTANT**

Bien indiquer le type de pieds choisi et la couleur dans le cas du pied bois.

Union des modules par un système d'ancrage.

Les pieds et les pièces d'union doivent être installés. Consulter la notice de montage.

Merci de tenir compte que les coussins capitonnés du canapé Obi ne peuvent pas être réalisés en cuir. Seule la structure peut-être faite en cuir.

Non disponible en vinyle, simili cuir ou tout autre cuir synthétique.

Les demandes de compositions modulables doivent toujours être accompagnées d'un plan afin de passer la commande. Le sens gauche ou droit s'entend toujours vue de face.

**CARACTERISTICAS TECNICAS****TELA**

- Funda textil totalmente desenfundable:
- Base (respaldo y brazo): disponible en tela y piel.
- Almohadas acolchadas: solo disponible en tela.
- Estructura interna: tubo de acero F1 pintado epoxi negro con cincha elástica forrada.
- Base de respaldos y brazos: estructura interna de madera y espuma de densidad diferenciada (CM 25kg y CMHR 30kg), recubierta con funda de velour y fibra.
- Almohada de asiento: estructura interna de madera y espuma de densidad diferenciada (SD 40kg, CMHR 35kg y CM 25kg), recubierta por una funda de algodón acolchada con Fiberdream (microfibra tacto pluma).
- Almohada de respaldo: espuma CM 25kg recubierta por una funda de algodón acolchada con Fiberdream (microfibra tacto pluma)
- Almohada de brazo: funda de algodón acolchada con Fiberdream (microfibra tacto pluma).
- Acolchado exterior: fibra H200gr.
- Patas: metacrilato o fresno.

**PIEL**

- Funda piel totalmente desenfundable.
- El acolchado no se realiza en piel.
- El resto de características son idénticas a las de la versión tapizada en tela.

**ACOLCHADO**

- No se realiza en telas con motivos.
- Por motivos de calidad no se realiza en Atlantic (M112).

**TECHNICAL CHARACTERISTICS****FABRIC**

- Totally removable covers:
- Back/arm element ("base"): available in fabric or leather.
- Quilted cushions: only available in fabric.
- Internal structure: F1 epoxy coated steel tubes fitted with NEA elastic webbing lined.
- Back and arm base: wooden structure covered with CM 25kg and CMHR 30kg foam, fibre and felt.
- Seat cushion: wooden structure covered with SD 40kg, CMHR 35kg and CM 25kg covered in a cotton cover quilted with Fiberdream (down-like fibre).
- Back cushions: CM 25kg foam covered in a cotton cover quilted with Fiberdream (down-like fibre).
- Arm cushions: cotton cover quilted with Fiberdream (down-like fibre).
- Quilting: H200g fibre.
- Feet: transparent acrylic or ash.

**LEATHER**

- Totally removable covers.
- The quilted version is only available in fabric.
- The remaining technical specifications are the same as those for the fabric version of the product.

**QUILTED AREA**

- Patterned fabrics cannot be used on the quilted area
- These products are not available in Atlantic (sample book 112).

**CARACTERISTIQUES TECHNIQUES****TISSU**

- Housse textile 100% déhoussable:
- Structure (dossier et bras): disponible et tissu et en cuir.
- Coussins capitonnés: uniquement disponible en tissu.
- Structure interne: tube en acier F-1 peint epoxy noir avec sangle métallique recouvertes.
- Structure du dossier et bras: structure interne en bois et mousses de différentes densités (CM 25kg et CMHR 30kg), recouvert d'une housse velours avec fibre.
- Coussin d'assise: structure interne en bois et mousses de différentes densités (SD 40kg, CMHR 35kg et CM 25kg), recouvert d'une housse coton capitonnée et garnie de Fiberdream (microfibre toucher duvet).
- Coussins de dossier: mousse de CM 25kg recouvert d'une housse coton capitonnée et garnie de Fiberdream (microfibre toucher duvet).
- Coussins de bras: housse coton capitonnée et garnie de Fiberdream (microfibre toucher duvet).
- Capitonnage extérieur: fibre H200gr.
- Pieds: méthacrylate ou frêne.

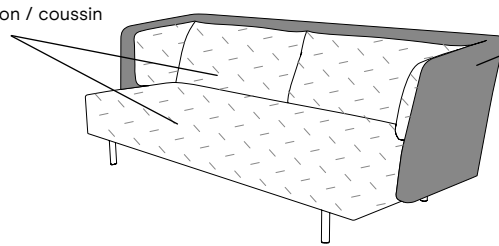

**CUIR**

- Housse cuir 100% déhoussable.
- Pas de capitonnage en cuir.
- Le reste des caractéristiques techniques est identique à la version tissu.

**CAPITONNÉ**

- Ne peut pas être réalisé avec des tissus à motifs.
- Pour des questions de qualité ces modèles ne peuvent être réalisés en tissu Atlantic.
